Dear Mark,

News for ecoCool Pty Ltd

To keep you up to date on developments with Ecocool Pty Ltd:

1. Ecocool supplied the first K32 Battery/solar system to Tiny Home Group, OEM builders of tiny homes, a key B2B market for us;
2. We have launched a new online offgrid store, www.energy-offgrid.com.au to sell offgrid systems and gear to the Australian and New Zealand markets;

3. Ecocool placed our first K32 subassembly order with Queensland Connectors & Cables, (QCC) based in Richlands;
4. Ecocool has co-developed a new 5KWh lithium battery with [Vaulta](#) a local Australian company, with 4 modules rolled out in K32 & K33 projects;
5. We are ready to prototype our new [E30 smart meter](#), for our Energy Dashboard project, with product testing to get underway in March/April.

Yours Sincerely,

Craig Myatt
Director
