

23rd September 2019

ANNOUNCEMENT

Healthcare & Pharmaceutical Award Winner 2019 hosted by Global Health & Pharma (GHP)

We are very pleased to announce that Instant Consult has been awarded:
**Most Innovative Online Medical Consultancy App: Instant Consult ®
& Leading Healthcare App Development Company - Australia**

About Instant Consult

Instant Consult provides users with the ability to have a health consultation through video call with an Australian registered, fully qualified, experienced doctor, anywhere in Australia. The platform is available to access via web browser or mobile app. Consultations are conducted for general medical advice and if deemed suitable, may result in a Medical Certificate, Prescription, Specialist Referral, Pathology or Imaging Request; all issued via the app.

How was Instant Consult selected? GHP explains.

At GHP, our extensive research and judging process is driven by merit meaning that awardees must demonstrate expertise within a given field, dedication to customers service, and commitment to excellence and innovation. Research was centred around an in-depth evaluation of skills and services on offer. The wider market reputation of each nominee was also taken into consideration.

The Healthcare & Pharmaceutical Awards returns to honour those who provide the highest quality of care and medical products available. We will also pay homage to those whose innovative work within the pharmaceutical industry contributes towards furthering the advancement of patient care in an ever-expanding and demanding sector.

In the 2019 Healthcare & Pharmaceutical Awards Press Release, Katherine Benton (Awards Executive) commented on the success of the deserving winners: "These awards highlight, beyond a shadow of a doubt, that our winners outshine the competition and are committed to giving their service users the support they need. With the healthcare and pharmaceutical markets among the most important in the entire corporate landscape, I am proud to be able to showcase the winners of this prestigious awards programme for 2019."
