

About Medcan

In 2016, Medcan was founded to bring safe, effective treatment to millions of Australians suffering with life-altering conditions from chronic pain to epilepsy. Since then, we've relentlessly executed on our mission to provide reliable access to patient-specific Medicinal Cannabis products and have grown to become industry-leading innovators along the way.

Our products & patients

Medcan grows, manufactures, exports, and distributes a wide range of medicinal cannabis products. Our products are currently prescribed by specifically trained doctors under the TGA's Special Access Scheme B to thousands of Australians each month, [giving them relief, recovery, and hope \(see Channel 9 video\)](#).
