QCC Group Pty Ltd (ta Queensland Connectors and Cables) signs Manufacture and Supply Agreement with Phibion Pty Ltd.

Brisbane, QLD – 18th October, 2022, QCC Group has signed a Manufacture and Supply Agreement with Phibion to supply wiring harnesses, automotive products and installation services to assist with Phibion’s forecasted delivery for this financial year of 30 MudMaster machines worth approx. \$2.2M to the QCC Group, with a further 60 MudMaster machines forecasted for FY24.

Under this agreement, QCC will build wiring harness sets, provide and install automotive products and install and commission the wire harness sets onto each new MudMaster machine.

QCC is an Australian manufacturer and supplier of cabling and infrastructure solutions across many industries including the information technology, data and telecommunications, automotive, defence, health, government and mining industries.

For more information please contact, Andrew George, ageorge@qconnect.com.au.

Regards,

Andrew George

General Manager, QCC Group Pty Ltd.
