

## BlueMount Capital Appointed as Corporate Advisor by Qponics Limited

BlueMount Capital is pleased to advise that we have been appointed Corporate Advisor by Qponics Limited.

Qponics Limited is a Brisbane based company focused on the sustainable production of EPA Omega-3 oils and other high-value products from Australian strains of algae.

The Company is planning to upgrade the existing pilot algae farm, to purchase a property for its commercial algae farm and submitting the DA and preparing to list on a suitable Australian stock exchange via an IPO in 2019.

The upgraded pilot algae farm in Brisbane and Qponics' largescale algae farm to be built on the proposed 167.5 ha site at South Ballina will sustainably produce algae, from which omega-3 oil and high-protein biomass as a by-product will be extracted, integrating state-of-the-art technologies to maximise automation and minimise operational costs.

Our assignment will comprise being the corporate advisor, and raising funds now for a pre-IPO raising of \$7M immediately followed by an IPO in 2019. For more information please [click here](#) or [contact us](#).
