

22nd August 2019

ANNOUNCEMENT

Instant Consult - Round 3 Open

We are very pleased to announce that Round 2 of our capital raise is fully subscribed. Just from our first announcement (only two months ago) to now, our patient base has grown by over 2,000 new users and our consult numbers have grown from 6,000 to over 8,000 consults to date.

About Instant Consult

Instant Consult provides users with the ability to have a health consultation through video call with an Australian registered, fully qualified, experienced doctor, anywhere in Australia. The platform is available to access via web browser or mobile app. Consultations are conducted for general medical advice and if deemed suitable, may result in a Medical Certificate, Prescription, Specialist Referral, Pathology or Imaging Request; all issued via the app.

Round 3 of the Instant Consult capital raise is now open. We are in continued discussions with both potential investors and industry partners interested in our technology.

The second round of \$250k has been raised to:

- Increase marketing expenditure through strategic promotional and advertorial opportunities.
- Platform development with a new app update being released shortly.
- Launch the new Professional Partners Booking System in August.
- Working capital to expand the team allowing continued focus on software development, marketing strategies, growth opportunities and professional partnerships.

Having near to 1,200 consults take place on the Instant Consult platform in the last month is a rewarding milestone for the Company. We look forward to exceeding this consult number in August and welcome our new investors to the Instant Consult family.

For more information about Instant Consult, please visit our page on the Funding Strategies website: https://www.fundingstrategies.com.au/index.php?com=com_deals&action=view&itemid=176 or contact them via email brisbane@fundingstrategies.com.au or phone (07) 3160 2840.

Kind Regards,

Travis Brown
Director
