## **OPMANTEK FILLS ROUND 1 CAPITAL RAISE – OPENS ROUND 2.**

Wednesday, 28th July 2015

Opmantek (ASSOB:OMK) is excited to announce that round one of their capital raise is now fully subscribed. Opmantek CEO, Danny Maher was pleased to see the first round fill in such a short space of time, and is looking forward to deploying the funds into a series of identified growth initiatives.

“Opmantek has experienced significant international growth over the past year and is facing significant customer demand. I am thankful to the investors for their support and enthusiasm and I look forward to strengthening the growth of the company through the deployment of the funds.”

Opmantek is Australian ICT Exporter of the year, and Opmantek CEO Danny Maher is Australian CEO of the year.

Opmantek develops and distributes commercial open source network management and IT Audit software. Used by over 60,000 organisations in 130 countries, IT teams rely on this ‘mission critical’ software to detect faults, review current and historical performance, and predict where future failures might occur. Opmantek is also gaining traction in the emerging ‘Internet of Things’ (IoT) and ‘Bring your own device’ (BYOD) markets, thanks to its powerful device discovery and device modeling capabilities.
