

OPMANTEK ACQUIRES OPEN AUDIT AND ISSUES SUPPLEMENTARY OFFER DOCUMENT

Opmantek Ltd (ASSOB:OMK) announces that it is issuing a Supplementary Offer Document.

Opmantek recently acquired Open Audit, effectively doubling their user base to 45,000 organisations worldwide. In addition, Opmantek (in December 2012 and January 2013) has received significant commercial orders and payments following from the release of their commercial products in September-December 2012.

Danny Maher - Opmantek's Managing Director - said "the progress of the business has been outstanding. The sales growth and the acquisition of Open Audit provide both tremendous results for the company and tremendous opportunity for the company. I am pleased to be able to update existing shareholders and welcome new shareholders with the release of the supplementary offer document."

Opmantek operates in the field of Network Management Software under a disruptive business model that leverages low cost community development to deliver their software to a global client base.
